Peer Teaching Guidelines

1. Project Overview

You will deliver a 20-minute presentation on a topic relevant to the class. Your goal is to become an expert in a domain and educate your classmates to the best of your abilities.

2. Tips for Succeeding on This Project

- Practice, practice, practice
- Consider adding a show-and-tell or interactive component to your presentation
- Discuss potential challenges in getting started
- Describe what the technology/approach/etc. is and isn't good for
- Be enthusiastic!

3. Deliverables for This Project

- 20-minute presentation to your classmates (that's a 17-minute talk and 3 minutes for questions)

4. Grading Rubric for This Project

I will grade some aspects of this project, while other aspects will be evaluated from your classmates' critiques. This project is worth an overall 10% of your grade. The below rubric will be added up and divided by 100 to get your score on this project.

- You have clearly significantly researched the topic: ___ / 15
- Your presentation is engaging and well-paced: ___ / 10
- Your presentation describes enough for others to get started: ___ / 15
- Your presentation discusses pros/cons of approach: ___ / 15
- Ability to answer questions: ___ / 5
- Average of critique content evaluations (*2):   ___ / 20
- Average of critique presentation evaluations (*2):   ___ / 20
- Possible Bonus (for choosing a hard topic, presenting first, etc.) ___ / 0

5. What Happens Next?

- Critique forms will be given to each presenter.
- Presenters will rate all critiques and return them to me.
